Silent Shredder

Product use

It is used for cutting branch and household garbage.

Features

- High quality electric brush motor.
- Over-current protector can effectively protect the motor.
- Bigger cutting torque brings better cutting result.
- Double-edged blade. It can be replaced when one side is blunt.
- Large cutting diameter.
- With convenient collecting box.
- Higher safety performance. The collecting box has interlock switch.
- Easy to store. The main frame can be put into the collecting box.

Features

- High quality motor and reliable performance.
- With convenient collecting box.
- An interlock switch on the collecting box.
- High cutting diameter.
- Excellent in shape.
- Easy to store. The main frame can be put into the collecting box.

Type Silent shredder

Model	LSG2514
Voltage/Frequency	230 V / 50 Hz
Rated Power	2580 W
Max. Cut Dia	Φ45 mm
Operational Mode	S6/40%
Motor Speed	22000 rpm (rated speed: 15000 rpm)

Silent Shredder

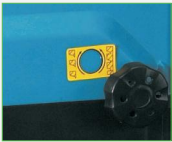

Features

- ▶ The proved crushing/cutting technology makes the shredder one of the quietest and most pleasant tools you could have.
- ▶ The roller/blade system, which runs at only 40 rpm, reduces the wood into small pieces and crushed at the same time.
- ▶ Shredded material can be used as mulch for various applications such as shrubberies, rockeries and nutrients when composting.
- ▶ Automatic kickback-free feeder mechanism with shredder roller made in hardened steel crushes branches for accelerated composting.
- ▶ Automatic shutdown when branches are jammed due to anti-locking mechanism. Reverse rotation to remove jammed material.

The cutting height can be conveniently set centrally to 6 different heights from 25 to 75 mm.

It features a large capacity grass box which can be easily removed and emptied.

LM-38E-3-1

Features

Leo electric Lawnmower is a powerful lawnmower for large lawns up to 1000m². It has a cutting width of 43cm, a 1,600 watt motor, a folding handle with switch and switch actuator, comfort wheels, central 6-position cutting height adjustment from 25~75mm, a 50 liter grass box bag with level indicator, and a weight of only 25kg. It comes completely assembled in a robust cardboard box.

LM-38E-3-1

The LEO electric lawnmower features the press & hold system for safety. The button must be pressed with one hand while the other pulls the lever, eliminating any possible risk.

Product use

It is mainly used for lawn trimming in domestic garden and some public places.

Features

- Manual height adjustment
- Low noise
- High quality induction motor
- Switch with interlock device
- Good mowing effect
- Durable PP chassis
